

# INFO POCKET

It's essential to leave important documentation and installation manuals behind after installing equipment. In the case of gas equipment, it is required by code that manuals be available on site.

Info Pocket is easily screwed into walls or duct work and allows for information to be kept neatly in place and easily accessible.

- Factory direct pricing
- Operating range of -6°C to 60°C (20°F - 140°F)
